Currency Code (currency): USD
Loan Facility Type (loan_type): MORTGAGE
Originating Branch Code (branch_code): TLV-01
Agreement Signed Date (signed_date): 2026-09-12

Tri-Partite Source of Truth & Architectural Authority Invariants

- Content Authority: Stored in S3 WORM Object Storage with immutable binary versioning.
- Metadata Authority: Full JSON payload attached directly as S3 Object Annotation (document-metadata).
- Control Plane: DynamoDB single-table enforces active version pointers and optimistic concurrency control.
